

Reviews and Testimonials for Connecting the Dots: A Handbook of Bible Prophecy

Eye-Opening New Book Unveils the Big Picture of Biblical Prophecy
Title has served as a primary resource for Bible students and teachers
<http://www.prweb.com/releases/2010/ConnectingTheDots/prweb8008368.htm>

Given that approximately one-third of the Bible contains prophecies, it is amazing that so little attention is paid to the great prophetic passages in the Bible from many of the pulpits of the land. Knowledge of what the future holds is the best way to prepare mankind to be ready for what is to come. Within the pages of the new Xulon Press book, *Connecting the Dots: A Handbook of Bible Prophecy* (\$18.99, paperback, 978-1-60957-978-4), co-authors Ron Graff and Lambert Dolphin have designed a self-help course for those who would like to understand the big picture of prophecy, especially as it deals with Israel, the church, and the coming events of the end times. It is a guide for proper understanding and interpretation of prophecy that will enable the reader to understand what exactly is happening in this world today.

"This book is a revision and major update to one that we wrote 13 years ago and posted on the Internet," the co-authors say. "That book was *Thy Kingdom Come, Thy Will Be Done: The Prayer Offered Most Often Is About to Be Answered*. It has served as a primary resource to Bible students and teachers for all those years, and has been downloaded more than 300,000 times. The precepts given in the book have proven accurate, and have not needed any change during these tumultuous years, but so much has happened that a new version is needed."

This book, *connecting the Dots* is obviously the culmination of a lifetime interest and deep study of not only prophecy, but of current events and their relationship to the unfolding of Biblical prophecy. It is scholarly but not so difficult for most students of the Bible to understand. The information is organized and is

written in a logical progression. The excitement of the coming end times and the events leading up to it build throughout the chapters and reaches a peak with Chapter 15, the Coming of the king of Kings.

Helpful to see the place of both Israel and the Church in Prophecy

Customer Rating ★★★★★

Posted 03/19/11: This book shows that Israel has not been replaced by the Church. They are both important in God's plans for the future.

What's It All Mean?

★★★★★

This is a great primer on the prophetic. It clearly covers the past, present and possible future using history and scripture. It will be one of my go to sources as things continue to heat up in the world. Trying to place what is happening with what has been foreseen is at best a fractured puzzle. This book helps to keep things in perspective.

My Small Way To Repay Idolphin dot org

★★★★★

Oh dear, how many years now have I gleaned from Lambert Dolphin's website Idolphin dot org and the many articles on creationism, Quantum Physics, eschatology, C.S. Lewis quotes and various articles. I feel guilty for never supporting his website with a donation. I have the first edition of this book as free PDF from his website but I'm glad to pay for this updated version. It's the least I could do (as a cheapskate) after all these years of gleaning from his many articles on-line.

"Like the book" is an understatement. Revelation is a mystery I would never have been able to unravel on my own. Your, so-aptly-named, book truly does enable the ordinary, average Christian to "connect the dots," and I (like multitudes of others) am really grateful for all the painstaking work you must have put into such an incredible book. Yet, amazingly, for such a complex subject your book is easy to read. What startled me most out of the whole book was your interpretation of the lesson of the fig tree on pages 26/27. I had not realized that 1948 could be the starting point for everything else. I really wasn't seriously thinking that Jesus could come back in my lifetime.

RON, YOUR HARD WORK ALL THESE YEARS POURING OVER THE SCRIPTURES AND THE CURRENT EVENTS, ANALYSIS AND CONDENSING THE MESSAGE IN SUCH A BITE SIZE FORM TO MAKE IT SO RELEVANT TO OUR MODERN SOCIETY IS A REMARKABLE ACHIEVEMENT.

I CONGRATULATE AND ENCOURAGE MORE IN THE DAYS TO COME.
WITH MUCH PRAYERS FOR CONTINUED SUCCESS OF THE BOOK AND YOUR
MINISTRY.

Reading your book has definitely been a worldview changing experience similar to when I first heard teaching on the Holy Spirit, global evangelization, and the calling of God. You have taken a difficult subject and presented it in a format that is thorough, easy to use, easy to understand, chock full of Scripture references, and did I mention thorough. Even though I am only halfway through the book, I can already tell that all of my questions will be answered and addressed. As I read I find myself breathing multiple sighs of relief as concept after concept that I have often wondered about becomes clear. It's also fantastic that you outline and clearly and concisely define all of the confusing terms and trains of thought regarding various eschatological views. I can't tell you the relief I feel knowing that I will be able to teach and lead my family through the coming end times, armed with correct knowledge. It truly was a God-thing when you came to visit grandpa and gave me the book. Thank you, thank you, thank you. - Jeremy Meister

My small class at PBC bought 25 books on Sunday! I suggested the book would make an excellent Christmas gift. It is not a "religious" book and I think it is more than is informative. It is not written in the old style of "Late, Great, Planet ..."

I have barely got into but have been amazed as to how much information it covers. Thank you again for sending "Connecting the Dots" to me. Great Job! I regularly go to your website to "Get-Up-To-Date" on what's going on. ... Blessings, Steve Graves

"Also wanted to let you know how much we have appreciated the book (Connecting the Dots) on prophecy you sent. I'm almost through, but want to start again from the beginning. He (the author) outlines and covers things so clearly, as well as including subjects often lacking in such a book, but which shed so much light on the subject." - Sister of a member of our Congregation

I now have and am working through a copy of the book you co-authored with a pastor here in Rancho Cucamonga snatched up (not the pastor, the book) at a prophecy conference a few of us roustabout Gideons attended with great enthusiasm. – Letter to Lambert Dolphin

I just bought and I'm reading your wonderful book "Connecting the Dots" on my Kindle... Can you send me a jpg of the chart so I can look at it on my laptop easily? Thank you. - Anthony Ehrhardt
